

# The Mineral Premix for Marine Fish

## Benefits

- Supplies a balanced source of minerals and trace-elements specially designed for marine fish.
- Includes chelated minerals that provide excellent palatability and high bio-availability.
- Prevents the pathologies caused by an insufficient supplementation of certain minerals and trace-elements.
- Enhances the reproductive ability, growth, and health of marine fish.
- Provides stability, homogeneity, allowing free-flowing characteristics, which results in high feed efficiency.
- Includes unique ingredients that improve the immunity systems of marine fish, and increases their survival rate.

## Specification

|    |        |    |          |
|----|--------|----|----------|
| P  | 7.0%   | Co | 0.0008 % |
| Ca | 10.0 % | Mn | 0.2%     |
| Mg | 1.2 %  | I  | 0.04%    |
| Fe | 0.4 %  | Se | 8 ppm    |
| Zn | 0.3 %  | Mo | 1 ppm    |
| Cu | 0.07 % | Ge | 0.7 ppm  |
| K  | 8.0%   |    |          |

## Recommended Use

The recommended inclusion levels of this product in marine fish feeds are from 1.0% to 1.5 %.

## Storage

The shelf life will exceed 12 months when unopened packages are stored in a cool, dry place.

## Packing

25 Kg paper bags

We can provide packing based on customers' needs.
